HOME AND FOREIGN.

War Office, 22nd August, 1861.

It being necessary that the greatest possible care should be taken for the preservation of the bores of Cast Iron Guns, the Secretary of State for War desires that, in future, all Land Service Guns which are in situations where they are rarely, if ever, exercised, all Sea Service Guns which are in cabins and sick bays, together with all Guns in Store, are to have their bores lacquered, or painted, as lacquer may not always be available, and care taken that they are kept in a proper state.

It is not considered necessary that Guns which are in constant use should be lacquered in the same manner as those above referred to, but it is desirable that they should be occasionally coated in the interior, near the muzzle, to preserve them from corrosion.

It is to be understood that the foregoing rules do not prevent any relaxation of the usual precautions now observed in regard to the preservation of Cast Iron Ordnance.

Director of Ordnance.

CIRCULAR, No. 708.

War Office, 28th August, 1861.

THE present mode in which military charges for the Royal Engineers are brought to account abroad for other than those which are strictly Company services being attended with inconvenience, the following rules are to be adopted from and after 1st January, 1862 :—

At Stations where Companies of Engineers are serving such charges will continue to be paid by the Commanding Officers thereof, and included in their pay lists rendered to the Paymaster at Head Quarters.

At Stations where there are no Companies serving such payments will be made by the Military or other local Accountants, and charged by them in their public accounts with the War Office, as advances to the Paymaster or Agents of the Corps, as the case may be, forwarding an explanatory list thereof with the proper vouchers and receipts to the Paymaster or Agents concerned, who will, on receipt of the same, return an acknowledgment for them.

The Mess allowance of Engineer Officers, and the pay and allowances of Officers acting as Assistant Engineers, are services with which the Agents, and not the Paymaster, are now concerned.

To Military and other local Accountants on Foreign Stations: the Agents and Paymasters of the Royal Engineers, and Officers Commanding Companies of that Corps abroad.

CIRCULAR, No. 709.

War Office, Pall Mall, 29th August, 1861.

SIR,—I am directed by Secretary Sir G. C. Lewis to transmit for your information and guidance the enclosed Rules in regard to the superannuation of artificers, labourers and others, who are in the receipt of daily or weekly wages, and who have entered the Service since the passing of the Superannuation Act of 19th April, 1859.

And as the Lords Commissioners of Her Majesty's Treasury are desirous of being furnished with lists of the individuals, or class of persons, who will be eligible under these Regulations, I am to request that you will transmit a return thereof at the earliest opportunity.

B. HAWES.

THE Lords Commissioners of Her Majesty's Treasury having had under their consideration the regulations which should be adopted to give effect to the Superannuation Act of 19th April, 1859, in regard to the allowances to be issued to such artificers, labourers, and others, in the receipt of wages, as have been appointed since the date of the Act in question, and having further considered "the proper manner of applying the provisions of the Act" in question, with reference to the nature of the remuneration given, either by means of a total compensation for service in the grant of a market rate of wages, or by a rate inferior thereto, which in the course of years is made up by "steady employment" and the prospect of superannuation, have determined—

I. That no persons are entitled to superannuation who are in receipt of the full market rate of wages.

II. That persons receiving less than the full market rate of wages may be admitted to the service in an established capacity, and become entitled to superannuation on the following terms.

III. That the maximum age of admission to the service in an established capacity shall not exceed 35, except in special cases in which the Secretary of State may, with the concurrence of the Lords Commissioners of Her Majesty's Treasury, consent to make an exception.

IV. The 17th section of the Act requires that all persons not appointed directly by the Crown shall before appointment pass a satisfactory examination before the Civil Service Commissioners, and receive a certificate of competency. commissioners, or from the date (when a subsequent one) of the commencement of their duties.

V. With a view to give effect to the 4th item of these regulations, Sir G. C. Lewis has decided that the examination shall embrace the following subjects:—

Each person will also be required to produce evidence of physical fitness, and the necessary proof of good character.

VI. All artificers, labourers and others employed in the Colonies who are not of the English race, but who may be nominated for permanent appointment, will not (unless they desire it) be subjected to the Educational examination above referred to. If, however, they should be exempted from this test, they will be required to serve a period of five years on probation prior to appointment on Establishment, and the necessary proof of age, good character, physical fitness and aptitude for their duties must be furnished, in order that the certificates of the Civil Service Commissioners, as required by the 17th clause of the Superannuation Act, may be obtained.

General No. 250.

War Office, 2nd September, 1861.

WITH reference to the second and fourth paragraph of Circular, 130, dated 25th August, 1857, the Secretary of State for War has decided that the requisitions for materials for the Regimental Industrial Schools, shall from the 31st March next, be made annually instead of half-yearly.

It is, therefore, requested that requisitions upon the Revised Form, No. 1050, a supply of which is herewith transmitted, may be addressed to the Council of Military Education, so as to be received by them during the month of March, in each year. Such estimates are not to exceed the sum of 5s. per head, for the average number of children for the previous twelve months. The statement of the distribution of the articles made up may be discontinued, but in its place, the Commanding Officer will be required to sign a certificate on the form itself, to the effect that those articles have been wholly distributed as rewards to the most deserving children.

CIRCULAR MEMORANDUM,

Addressed to the Army at Home and Abroad.

General No. 149.

Instruction in Musketry—4 (1861).

Horse Guards, S. W., 21st August, 1861.

THE General Commanding in Chief having approved of the adoption of a stadia in place of the chain or cord now employed in the judging distance practice of the troops, the following Instructions have been drawn up for information and guidance in using the instruments in question. His Royal Highness has recommended that these stadia be considered as barrack stores, and that two complete sets shall be supplied for each battalion at the several military stations.

By Command.

JAMES YORKE SCARLETT,
Adjutant General.

INSTRUCTIONS to ascertain the correct distance when men are employed as "points of observation."

1st. The Instructor will fix a flag *a* (*vide* diagram No. 1) at the place at which the party or squad is to estimate the distance from the men standing as "points of observation."

CIRCULAR, No. 149—continued.

2ndly. A Non-commissioned Officer (if practicable, the Sergeant-Instructor) will fix the staff *b* perpendicularly in the ground in any situation and at any distance that may be determined by the Instructor, and align it by means of the vertical pointer *c* attached thereto, on the flag *a* at the judging distance point.

3rdly. At 40 yards from the staff, and to the left of it, align another flag *d* by means of the horizontal pointer *e* attached to the staff, and fix the said flag perpendicularly in the ground.

The staff and flag thus arranged form the base, at the right of which the men intended for "points of observation" are to stand.

4thly. So place the stadia at the first-mentioned flag *a* that the foresight *f* on the shaft of the stadia will be aligned on the centre of the staff *b*, looking through the bottom of the notch of the slider or moveable backsight *g*.

5thly. Push the slider *g* backward or forward without in any way moving the shaft until the foresight *h* on the arm of the stadia is aligned on the flag *d* to the left of the staff *b*; then fix the said slider.

6thly. Look at the index or scale on the shaft of the stadia for the distance, which will be shown by the number immediately behind the slider or moveable backsight *g*.

Note.—The foresight on the arm of the stadia is moveable, in order that it may be adjusted according to the scale to be used; for example, if the small scale is to be used, the foresight must be placed at the line marked 1,000 yards on arm of the stadia; if the large scale, at the line marked 600 yards. Every 4 inches on the shaft per large index or scale represent 40 yards; and every $2\frac{1}{2}$ inches per small index represent the same distance; the distance between the points of the two foresights (which are always to be upright) being respectively 2'4 and 4 inches, according to the position of the moveable foresight.

When a class is divided with a view to judge the distance from each other, the following method will be observed to signal the correct distance to the party or squad opposite to that with which the stadia is, viz.:—a flag lowered to the right, will signify *hundreds* of yards; to the left, *tens*; and to the front, *five*. Thus, for example, if the flag be lowered four times to the right, five times to the left, and once to the front, the distance signalled is 455 yards.

To ascertain the correct distance from an object, such as a house or tree, which is to be practised when judging distances, during route marching, or at times other than during the annual course of instruction.

1st. Fix the staff *a* (vide diagram No. 2) perpendicularly in the ground, and align it by means of the vertical pointer *b*, attached thereto, on a given point *c* of the house, or other object, the distance of which from the said staff is required.

2ndly. At 40 yards from the staff, and to the left of it, place the stadia, the arm of which *d* is to be aligned by means of the horizontal pointer *e* attached to the staff.

3rdly. Push the slider or backsight backward or forward until the moveable foresight *g* is aligned on the same point *c* of the house or other object on which the staff has already been aligned.

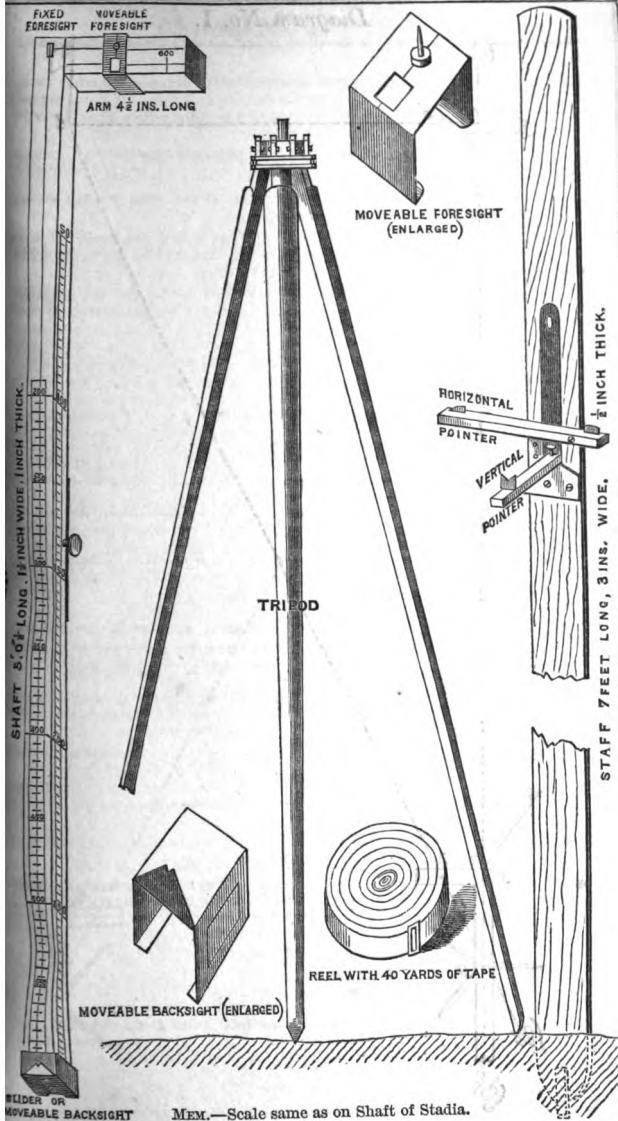

4thly. Look at the index or scale on the shaft of the stadia for, and read off, the distance.

N.B.—The stadia can be used on any ground, as there is no necessity for the men judging the distance, and the object of observation, being on the same level.

The stadia complete consists of:—

- 1 Index shaft.
- 1 Tripod.
- 1 Staff.
- 1 Reel, with 40 yards of measuring tape.

By Command. JAMES YORKE SCARLETT,
Adjutant General.

MEM.—Scale same as on Shaft of Stadia.

SOME misconception appearing to exist as to the operation of the Circular Memorandum from this Department, dated the 27th April last, No. 127, His Royal Highness the General Commanding in Chief desires it to be explained that no alteration is contemplated with regard to the date of issue of the Annual Clothing to the Soldier, which is to take place on the 1st of April in each year as heretofore,—but it is considered desirable that the issues of Clothing to Regiments and Depôts should be commenced on the 1st of January, in order that there may be a sufficient time for alterations and fitting, so as to ensure punctuality in the delivery to the men.

THE General Commanding in Chief having had under his consideration the proportions of Ammunition allowed for Cavalry Regiments, as prescribed in paragraph page 112, of the Queen's Regulations, directs that all Cavalry Regiments armed with the rifle carbine shall receive for the training of the Recruit, and for the exercise of the drilled Soldier annually, the following quantities of Ammunition, viz. :—

For the Recruit.

70 rounds ball cartridge.
20 „ blank „
100 percussion caps.

To be applied for in sufficient time to insure its receipt prior to the date at which the practice is to commence.

Duties, Instructions, &c.

2. His Royal Highness desires that the course of instruction for the Cavalry Soldier in the use of the rifle carbine be strictly carried out in conformity with the regulations for conducting the Musketry Instruction of the Army, with such modification only as the different nature of the duties of the two services requires; and that Commanding Officers, Field Officers, Captains, Subalterns and Instructors in all other respects conform to the rules laid down for their guidance in the above-named regulations.

Period of the Day for Instruction.

3. The Cavalry Soldier is never, if it can possibly be avoided, to be withdrawn from his stable duties for carbine instruction. The period of the day in which these will be least interfered with, is from 2 p.m. until it is time to prepare for evening stables.

Cavalry Recruits.

4. The Cavalry Recruit to be instructed in the use of the rifle carbine in all respects as the Infantry Recruit, omitting the platoon practices, which are not considered necessary in his rifle training.

Annual Course for Drilled Cavalry Soldiers.

5. The "course" of carbine instruction through which the drilled Cavalry Soldier is to be exercised annually is to consist of the following number of drills and practices which can be executed easily, and in an efficient manner, in the period of the day already specified.

and other duties) must be strictly and fully carried out to ensure efficiency in the use of the Cavalry rifle carbine.

Period of the Year for Instruction.

7. It is of great importance that the carbine instruction of the Cavalry should take place at the same time of the year as the musketry instruction of the Infantry; Commanding Officers will therefore take care that this is fully attended to, and that the course be, if possible, continued without interruption, until completed.

8. In the case of Cavalry Regiments which are armed with rifled carbines not sighted to 900 yards, or are quartered at stations where a range to the full extent is not available, the practices to be executed, and the quantity of ammunition to be expended under such circumstances, are detailed in the following table:—

The application is to be accompanied by testimonials of character, and a certified copy of the Non-commissioned Officer's record of service, and to be forwarded through the Assistant Inspector of the District. If the Corps belongs to an Administrative Battalion, the application must be transmitted to the Assistant Inspector through the Field Officer commanding.

 If in receipt of pension 2s. 4d. a-day, if not in receipt of pension 2s. 7d. If he is appointed Sergeant-Major of a Battalion he will receive an additional allowance of 6d. a-day.  Non-commissioned Officers of 18 or more years' service in the Infantry, and 21 or more years' service in the Cavalry, who are, in the opinion of their Commanding Officers, qualified to act as Sergeant Instructors of Volunteer Corps, and who are desirous of obtaining those appointments, will be reported to the Adjutant General, and noted as Candidates. Commanding Officers of Volunteer Corps wishing to obtain the services of one of them, will make application in the manner directed in Article 151A, to the Secretary of State for War, who will direct the application, if approved, to be forwarded to the General Commanding in Chief, with a view to a Sergeant being posted to the Corps as soon as possible.

Transferred from Regular Forces, how borne.

156A.—Such Non-commissioned Officers employed as Sergeant Instructors will be borne on the rolls of their respective Regiments as supernumeraries for service with Volunteer Corps until the completion of their period of service for discharge to pension otherwise, and will receive the consolidated pay named in Article 152A, in lieu of all other pay and allowances whatever. On their discharge they will be allowed to renew their engagements as Sergeant Instructors on the terms laid down in the above-named Article.

Transferred from Regular Forces, case of Services being dispensed with.

157A.—If the Volunteer Corps to which a Non-commissioned Officer of the Regular Forces is attached as Sergeant Instructor should, from any sufficient cause, cease to require his services before he has completed the period of service entitling him to be discharged, he will return to his Regiment if he is not posted to another Volunteer Corps.

Transferred from Regular Forces, Misconduct.

158A.—If a Non-commissioned Officer transferred from the Regular Forces is guilty of misconduct before his discharge from the Army, he may be sent back to his Regiment on the representation of the Commanding Officer to the Secretary of State for War.

CIRCULAR, No. 155—continued.

Subject to Mutiny Act.

159A.—Every Sergeant Instructor to a Volunteer Corps is subject to the general provisions of the Mutiny Act and Articles of War, and is liable to be tried by Court Martial for any crime committed against such Act or Articles of War.

Supervision.

160A.—All Sergeant Instructors are to be considered as under the supervision of the Adjutant, who is required to report to the Officer commanding the Corps any irregularity of conduct, incompetence or want of attention, which he may observe on the part of any Instructor, and the Commanding Officer, when necessary, will report the circumstances of the case to the Secretary of State. In the case of an Administrative Regiment, Brigade or Battalion, the Adjutant will also report such instances of irregularity to the Field Officer commanding.

Sergeant Instructors of such Volunteer Corps as may not have at present the services of an Adjutant will be placed under the supervision of the nearest Volunteer Adjutant or other Officer, according to the directions of the Secretary of State for War.

In the event of a Sergeant Instructor being guilty of any offence of a sufficiently grave nature to induce his Commanding Officer to refer the case for the consideration of the Secretary of State, he is to be placed in arrest until orders are received as to his disposal.

Record of Offences.

161A.—A record will be kept of all offences which may be proved against a Sergeant Instructor, after due investigation by his Commanding Officer. Every entry is to be in the handwriting of the Officer in Command, according to the annexed Form, and the book to be open at all times to the inspection of the Adjutant, the Field Officer commanding the Administrative Regiment, Brigade or Battalion, or the Assistant Inspector of the District.

Temporary from the Militia, Employment of.

162A.—With a view to meet cases in which additional Drill Instructors may be temporarily required, or where difficulty may be found in obtaining a Sergeant Instructor, Sergeants of the Permanent Staff of the Disembodied Militia may, if willing to act as Drill Instructors, be attached to Volunteer Corps for that purpose, at the discretion of their Commanding Officer.

Temporary from the Militia, Pay and Allowances.

163A.—If employed in the place of a regular Sergeant Instructor, they will receive, at the public expense, 1s. a-day, in addition to their Militia pay, with lodging, fuel and light, or an allowance of 4d. a-day in lieu thereof; but if they are employed as additional Drill Instructors, these allowances must be paid by the Corps to which they are attached.

Temporary from the Militia, Mode of obtaining.

164A.—In order to obtain a Drill Instructor from among the Permanent Sergeants of the Disembodied Militia, the following course is to be pursued:—

(a) If the Militia of the county to which the Volunteer Corps belongs is disembodied, the Officer commanding the Volunteer Corps is to apply direct to the Officer commanding the Militia Regiment.

(b) If the Militia of the county is embodied, or if there should be no Sergeants belonging to it available for this purpose, the Officer commanding the Volunteer Corps is to apply to the Lord Lieutenant, who, if he should think proper, will communicate with the Lord Lieutenant of any adjacent county in which the Militia is disembodied, in order to obtain the required Instructor.

Temporary from the Militia, Period of Employment.

165A.—A Drill Instructor obtained from the Militia under the foregoing Articles may be attached to a Volunteer Corps for any period not exceeding three months, and his engagement may be renewed at the expiration of such period, with the consent of the Commanding Officer of the Militia Regiment, but no Sergeant of the Permanent Staff of the Militia can be permitted to remain with a Volunteer Corps during the embodiment or annual training of his Militia Regiment.

Unauthorized offers to Non-Commissioned Officers.

166A.—Volunteer Corps are not to make direct offers to Non-commissioned Officers serving in the Regular Army to become their Sergeant Instructors, nor to attempt to induce Sergeants of the Militia, or Sergeant Instructors attached to, or engaged by,

CIRCULAR, No. 155—continued.

other Volunteer Corps, to quit their Regiment or Corps without the consent of the Commanding Officer of the Militia Regiment or Volunteer Corps. In any case in which it may be proved that offers of this kind have been made, the Secretary of State will refuse his consent to the appointment of the Non-commissioned Officer concerned.

Duties.

167A.—The principal duty of a Sergeant Instructor is to attend to the drill and instruction of the Corps to which he is attached; but the Commanding Officer of the Corps may employ him to take charge of the Arms of the Corps, or to discharge other similar duties of a military character, provided they do not interfere with his special functions. He will not be permitted to engage in any trade or business.

Secretary of State for War has, at the instigation of His Royal Highness the General Commanding in Chief, been pleased so far to relax the order for obtaining the Commanding Officer's certificate before issue, as in cases of great urgency, where delay would be injurious to the patient, to permit the issue to be made on the certificate of the Medical Officer that the case requires immediate attention, and with the understanding that the requisition will be backed by the Commanding Officer as soon after as possible. WARRANTS, CIRCULARS, &c.

CIRCULAR, No. 711.

36—General No. 48.

VICTORIA R.

Regulations for Military Savings Banks.

(With reference to Act 22 & 23 Vict. cap. 20.)

War Office, 31st August, 1861.

Savings Banks to be maintained.

1. To AFFORD to the Soldiers of the Army facilities for depositing their Savings, there shall be maintained in every regiment and depôt of regular Cavalry and Infantry, and in the Royal Artillery and Royal Engineers, Military Savings Bank for the safe custody and increase of such savings; and the following Regulations shall be observed and obeyed wherever the troops may be serving, India excepted, with the reservation as to Charitable Funds Accounts hereafter provided for (Article 76).

Deposits.

2. Officers commanding troops, companies, batteries and detachments shall receive as public money, to be applied to the payment of those public services which it is their duty to defray, such sums as the Soldiers under their command may from time to time desire to deposit in the Savings Banks.

3. The maximum of each Soldier's deposit upon which interest shall be allowed is limited to 30*l.* (exclusive of interest added,) in any one year, (the year to be considered as ended on each 31st of March,) and to 200*l.* in the whole (inclusive of interest added). Any sum remaining deposited at the end of the year in excess of the above limit of 30*l.*, shall be considered as a deposit made at the commencement of the ensuing year and carry interest from that time accordingly. The amount of deposits upon which interest is allowable shall not be affected by the investment of a gratuity under the provisions of Article 23.

4. All moneys deposited by the Soldier in the Military Savings Bank shall be held strictly in trust for his own use and benefit, and shall on no account be transferable to any third party, nor be withdrawn except under his own order, signified to the Officer commanding his troop, company, battery or detachment, unless the same, or any portion thereof, become forfeited to the public; and such moneys shall, if possible, be paid to the Soldier personally, and his receipt shall be obtained, and shall be attached to the Savings Bank ledger of the troop, company, battery or detachment; and a separate receipt shall be obtained from him on the Monthly Form, No. 2, to be transmitted to this Office with the Annual Accounts.

5. Deposits shall only be made and entered in the Savings Bank ledgers once in each month, viz. on the day of monthly settlement.

6. The Officer commanding the troop, company, battery or detachment shall, by his signature, in the troop, company, battery or detachment ledger, acknowledge the receipt of all deposits made.

(None but Soldiers to make Deposits.)

7. To prevent persons, not in military employ, from availing themselves of the advantages afforded by these Banks, no Soldier shall, on any pretence whatever, deposit in his own name the money of another person, whether a Soldier or not; and in case any Soldier shall so deposit the money of another person, all sums so deposited shall be forfeited to the public, and one half of the amount, not exceeding 5*l.*, shall be allowed to the informer, unless the whole amount shall, upon a special consideration of the circumstances of the case, be restored by the Secretary at War to the owner of the money so deposited.

Interest.

8. The rate of interest allowed upon deposits shall be 3*l.* 15*s.* per cent. per annum, and interest shall be allowed upon any other parts of a pound sterling than 6*s.* 8*d.*

CIRCULAR, No. 711—continued.

and 13s. 4d., nor upon any sums that shall not have remained in deposit for at least one month, to be reckoned from the last day of monthly settlement, and interest shall be only allowed upon sums withdrawn up to the settlement day preceding the day the deposit is withdrawn, unless such day shall be the settlement day. Interest upon all sums in deposit (within the limit prescribed in Article 3) shall be added to the principal quarterly, and shall thenceforward bear interest; in cases of *transfer*, however, to avoid carrying forward the balance due to a depositor in two sums, the interest shall invariably be added to the principal, as by Article 35 is provided.

Withdrawals.

9. When a Soldier shall be desirous of withdrawing the whole or any part of his deposit, he shall give at least seven days' notice to the Captain or Officer commanding the troop, company, battery or detachment to which he belongs, in order that the necessary arrangements may be made for repayment of the amount at the next day of monthly settlement; but if such Captain or Officer commanding shall be satisfied of the urgency of the case, and that the immediate withdrawal of the deposit would be for the advantage of the Soldier, he may direct payment to be forthwith made.

10. Whenever the Officer commanding the troop, company, battery or detachment shall have strong grounds for believing that the Soldier intends to make an improper use of his money, he may suspend the issue of the deposit, until the Commanding Officer of the battalion or corps at head quarters, or at the station, shall determine whether it shall then be issued or not, and should the Officer commanding deem it essential to discipline to authorize such suspension, he shall report specially and with the least possible delay to the Commander in Chief and the Secretary at War the circumstances under which he has felt himself compelled to exercise this power.

Deposits and Withdrawals (small sums).

11. No Soldier shall deposit a smaller sum, nor leave a smaller sum, than one shilling in a Military Savings Bank, and it will be the duty of Officers commanding troops, companies, batteries and detachments to ascertain, by an inspection of the troop, company, battery or detachment ledger, when a depositor applies for leave to withdraw a part of his deposits, the amount of his balance then remaining, and in those cases where the balance will be less than one shilling, to add such balance to the sum required to be withdrawn.

Serjeants' Mess Fund.

12. In regiments or depôts, in which a Serjeants' Mess Fund is established, the amount of the said fund may be invested in the Savings Bank, and interest allowed thereon, irrespective of the limit prescribed in Article 3. The account of the fund shall be opened in the name of the Serjeant Major or other Serjeant who acts as treasurer, and may be included in the ledger of the troop, company, battery or detachment to which he belongs; but all deposits and withdrawals shall be made on written requisitions, signed by the treasurer and two other members of the Mess Fund Committee; and this Mess Fund Savings Bank Account shall be kept perfectly distinct from the personal Savings Bank account of the Serjeant who shall act as treasurer.

Regimental Funds.

13. In like manner, other Regimental Funds may, with the special sanction of the Secretary at War, be invested in the Savings Bank, under such restrictions as he may think fit.

Civil Savings Banks (withdrawal from, for Deposit in Regimental Savings Banks).

14. As it is not lawful for a person having money in deposit in one Savings Bank to make a further deposit in another, nor to deposit at interest in any one year more than 30l., a Soldier having money in a Civil Savings Bank must withdraw such deposit before he can make any deposit in a Military Savings Bank; the money so withdrawn may be invested in a Military Savings Bank, but if the amount shall exceed 30l., the amount of further deposits upon which interest can be allowed during the remainder of the year will depend upon what portion of the sum withdrawn from the Civil Savings Bank, if any, had been deposited subsequent to the preceding 1st of April, as shown by the certificate of the trustees or managers of the Civil Bank.

15. Thus, if a Soldier withdraw from a Civil Savings Bank 45l., of which 15l. had been placed in deposit on or after the 1st of April preceding, he can only be permitted to deposit at interest in a Military Savings Bank a further sum of 15l. within the year ending on the next 31st of March.

CIRCULAR, No. 711—continued.

16. A Soldier who has money in a Civil Savings Bank, and wishes to become a depositor in a Military Savings Bank, but who, from being at a station distant from the place in which his money is deposited, is unable personally to attend to withdraw his property, must give an order on the form prescribed by such Civil Savings Bank for the withdrawal of his deposit, with the interest due thereupon, in favour of the Regimental Agent or Paymaster, signed by himself in the presence of and witnessed by the Officer commanding the regiment or dépôt, or in the case of the Royal Artillery, or the Royal Engineers, in the presence of and witnessed by the Officer commanding the battery, troop or company; which order, together with the Soldier's Civil Savings Bank book, shall be transmitted by the Commanding Officer to such Regimental Agent or Paymaster, who, on obtaining the amount, and the certificate of the trustees or managers of the Civil Savings Bank, shall acquaint the Commanding Officer with the date of payment, and the amount received, specifying how much of it had been placed in deposit on or after the preceding 1st of April. The Commanding Officer shall then direct the insertion of the amount in the account of the Soldier, in the Savings Bank ledger, and shall allow interest to be calculated upon it from the next monthly settlement day after the date of receipt by the Regimental Agent or Paymaster.

17. From the time of signing the order, the soldier shall be permitted to invest his further savings in the Military Savings Bank.

18. The order for transfer of deposits from a Civil to a Military Savings Bank shall, so far as may be conveniently done, be given at such period as will admit of the amount being brought into the account of the Savings Bank ledger in the same year in which the order for removal is signed.

(Transfer to, by Soldiers about to be discharged.)

19. In all cases of soldiers about to be discharged desiring to transfer balances due to them to Civil Savings Banks, they are to be distinctly informed that such transfers are made solely upon their own responsibility, and at their own risk, and that they will be subject to any loss that may occur in consequence of such transfer. It is desirable that the soldier should give some written directions for the new account to be opened, which would be held to be a sufficient authority to the Civil Savings Bank to receive the sum and place it to his account.

Corps proceeding to India.

20. The Savings Bank accounts of a Regiment of Cavalry or Infantry, or of a Battery, Troop or Company of Artillery or Engineers, proceeding to India, whether from the United Kingdom or from a colony, shall, until after arrival in India, be carried on in precisely the same manner as if the Corps were proceeding from the United Kingdom to a colony, or from one colony to another.

21. After arrival in India, the Savings Bank accounts shall be made up to the last day of a month, and, if possible, that in which the disembarkation shall take place; and a nominal list of the Depositors, showing the exact balance due to each, and the date to which interest is included, shall then be prepared, to which shall be appended the certificate of the Commanding Officer, the Officer second in command, and the Adjutant, in the case of a Regiment of Cavalry or Infantry, or, in the case of a Battery, Troop or Company of Artillery or Engineers, of the Captain or other Officer commanding. The Commanding Officer shall thereupon draw a bill upon Her Majesty's Paymaster General (Army Account) for the total amount of the balances, which bill, together with the certified list, is to be handed over to the Presidency Paymaster. A certificate that the Regimental Bank has been opened in conformity with the general instructions issued by the Secretary of State for India in Council should thus be annexed to the final Savings Bank accounts with the War Office, which should be transmitted by the next mail.

Corps returning from India.—Corps proceeding from India to Foreign Stations.

22. The Savings Bank balances in the Regimental Savings Banks in India, of soldiers returning to the United Kingdom, are to be remitted to London conformably to the instructions promulgated by direction of the Secretary of State for India in Council, in order to the re-investment thereof in the Home Military Savings Banks, under the direction of the Secretary at War. In the case of a Regiment proceeding from India to any foreign station, the Officer commanding shall, before leaving that country, take care to obtain from the Accountant General or other Officer of Audit of the Presidency in which the Regiment has been stationed a certified list of balances, showing the amount due to each depositor, and the date to which interest has been included. A Savings Bank ledger shall then be opened, in which the depositors shall

CIRCULAR, No. 711—continued.

be credited with the amounts due to them, and interest allowed thereon from the date to which it has already been included. A duplicate or certified copy of the list is to be forthwith transmitted to the War Office, and the original annexed to the Savings Bank accounts to be rendered after the 31st of March then next ensuing.

Gratuities for Long Service and Good Conduct (investment of).

23. Gratuities awarded to soldiers for long service and good conduct, or for distinguished conduct in the field, are to be invested in the Military Savings Banks, but only under special authority from the War Office.

(Withdrawal of.)

24. A gratuity may be withdrawn by the soldier entitled thereto, on receiving his discharge, without any special authority, but the date of discharge shall invariably be stated on the face of his ledger account.

(Transfer of.)

25. Transfers of balances due to soldiers on account of gratuities shall be effected by means of the transfer statements, Form C. (W. O. Form, 380 A.).

(Of Men dying before Discharge.)

26. Should a man for whom a gratuity has been invested die before being discharged from the service, the principal and interest shall be withdrawn and added to his effects in the same manner as an ordinary Savings Bank balance, the date of decease being invariably stated on the face of his ledger account.

(To be re-credited to Public on Annuity being awarded.)

27. When a soldier, to whom a gratuity shall have been awarded, is granted an annuity, the gratuity, with its accumulated interest, shall be immediately withdrawn from the Bank in the usual manner, the interest, up to the day of monthly settlement prior to the date of his being awarded the annuity, paid to the soldier, and the principal specifically credited to the public.

(Disposal of, on Corps proceeding to India.)

28. These gratuities on a regiment of Cavalry or Infantry, or battery, troop or company of Artillery or Engineers, arriving in India, shall be deposited in the Regimental Savings Bank in that country, together with the ordinary Savings Bank deposits, but they must of course continue to be distinguished from the deposits made by the men themselves.

(Of Men sent Home from India.)

29. The gratuity deposits of men sent home from India shall be remitted to this country in the same manner as their ordinary Savings Bank balances, care being taken to distinguish gratuities from ordinary Savings Bank deposits.

(Surrender or Forfeiture of.)

30. These gratuities are only subject to surrender on promotion to the rank of a commissioned Officer, or upon a medal with annuity for distinguished or meritorious conduct being awarded, or to forfeiture by desertion, or by sentence of a general, district or garrison court-martial, or by conviction of felony by a court of civil judicature, and Commanding Officers in India shall take care to report any such cases of surrender or forfeiture specially to the Secretary at War, and to direct the Paymaster to remit to this country the principal and interest so forfeited with the other remittances to be placed to the credit of the public.

(Promotion to a Commission.)

31. When a non-commissioned Officer, having money in the Savings Bank, shall be promoted to a commission, he may, if he wish so to do, leave his Savings Bank balance in the hands of the public; but he cannot be allowed interest thereon beyond the last day of the month, prior to the date of his promotion, which should be stated on the face of his ledger account.

Benefit Fund Balances.

32. Benefit fund balances shall be retained at interest in the Savings Banks, but not under the control of the soldiers in whose names such balances are invested until their discharge.

33. These balances, or any portion thereof, may, however, be withdrawn, under

CIRCULAR, No. 711—*continued.*

special sanction, upon the recommendation of the Commanding Officer, and upon its being proved to the satisfaction of the Secretary at War that such withdrawal will be of advantage to the soldier.

34. Benefit fund balances will be transferable as prescribed in Article 35, by means of transfer statements, Form B. (W. O. Form, 381).

Transfers.

35. When a soldier who has money in deposit in a Military Savings Bank shall be transferred to or from the service companies or dépôt, or from one regiment to another, or shall be transferred from one troop, company, battery or detachment to another, the Captain of the troop, company, battery or detachment is not to consider the amount of the soldier's account as money withdrawn from the Savings Bank, but shall furnish the Captain of the troop, company, battery or detachment to which the man shall be transferred with a statement upon the Form A. (W. O. Form, 380) of the balance of principal and interest actually due to such soldier on the day of transfer, the interest being calculated to that day, if it be the last day of a month, otherwise up to the last day of the preceding month, and shall notify upon the account in his own troop, company, battery or detachment ledger, that the soldier has been so transferred.

36. The Captain of the troop, company, battery or detachment to which the soldier shall be transferred shall, on the receipt of the transfer statement, Form A., open an account for such soldier in his own troop, company, battery or detachment ledger, and shall insert the balance as reported to him; and shall record the date of transfer (upon the face of the man's account) in his troop, company, battery or detachment ledger.

37. The Captain making the transfer, and the Captain receiving the transfer, shall, each of them, state in his annual abstract the transferred soldier's account as it stands in his troop, company, battery or detachment ledger.

38. The transfer statement, Form A., B., or C., being an important document, as constituting the voucher upon which a man's balance is transferred from one Military Savings Bank to another, shall be forwarded to the War Office, annexed as a voucher to the annual Savings Bank account, in which the man's balance is taken up; and no duplicate or copy of it shall be given under any circumstances whatever, without the sanction of the Secretary at War.

39. The transfer statement, Form A., B., or C., is applicable to the case of a man transferred from the Cavalry or Infantry to the Royal Artillery or Engineers, and *vice versa*, and it is to be clearly understood that in all cases of transferred men the removal of their balances from one Military Savings Bank to another shall be effected solely by the transmission of the statements, Forms A., B., and C., and not by any remittance of money.

Discharge.

40. Upon the discharge of a Soldier, his deposits may remain at interest in the Military Savings Bank for a period not exceeding six months, after which time interest shall cease; but, if required by the Soldier, the principal may be retained without interest for a longer period, for security.

Desertion.

41. A Soldier convicted by a Court Martial of desertion, or recorded by a Board of Officers in the usual manner as a deserter, shall forfeit to the public all moneys which he may have in the Military Savings Bank, and such forfeiture shall only be remitted by the Secretary at War.

42. When deserters who return to their Regiments shall have their deposits restored to them, by special authority, no deduction is to be made from the amount of interest on account of the period of absence.

Death.

43. At the death of a Soldier interest on his deposits shall cease from the day of monthly settlement next after his death (or in case of decease upon a day of monthly settlement on the date of his death), and the amount of his deposits, with the interest accumulated thereon, shall be withdrawn and added to his other effects, to be disposed of as prescribed in the Articles of War.

Accounts.

44. Each Captain or Officer Commanding a troop, company, battery or detachment, shall keep a Savings Bank ledger for the accounts of the Non-commissioned Officers,

CIRCULAR, No. 711—continued.

and men of his troop, company, battery or detachment, and on each day of monthly settlement shall record in the pocket ledger of each depositor, on the form inserted for that purpose, the Savings Bank balance then due to him.

Letter of Audit.

45. The Secretary at War, after auditing the Savings Bank account to the 31st of March in each year, will furnish the Officer Commanding with a declaration that the account to that date has been so audited, and will become responsible to the depositors that the amount due to each, with interest, shall be paid out of public money.

46. The declaration of the Secretary at War shall be preserved, and the Commanding Officer shall notify to the Officers Commanding troops, companies, batteries or detachments, that the account of the Savings Bank has been so audited.

Suspension.

47. During active operations in the field, or whenever circumstances may render it impracticable to attend to the details of the Savings Banks, the General Officer in command is empowered to direct their temporary suspension; but all sums then actually in deposit shall continue to bear interest in the usual manner, and such suspension shall be immediately reported to the Secretary at War.

Forms.

48. A supply of the several forms applicable to Military Savings Banks may be obtained on application to the War Office. It is specially desirable to avoid all superfluous use of the forms, as they lead to inconvenient increase of bulk in the Savings Bank accounts.

Regiments and Depôts of Cavalry and Infantry.—(Ledger.)

49. In the Orderly Room of each Regiment or Depôt of Cavalry and Infantry, or consolidated Cavalry Depôt or Depôt Battalion, there shall be kept under lock and key, under the inspection of the Savings Bank Committee (composed of the Commanding Officer, the Officer second in command, and the Adjutant), a Regimental or Depôt Battalion Savings Bank Ledger, in which shall be entered the Savings Bank account of every depositor.

50. The entries shall be made in the Regimental or Depôt Battalion Ledger, by troops or companies, so that the amount of each troop or company shall be kept separate; and upon the transfer of a Soldier from one troop or company to another, a transfer of his account shall be made in the Regimental or Depôt Battalion Savings Bank Ledger.

(Quarterly Examination by Committee.)

51. At the end of every quarter the troop or company ledgers shall be compared with the regimental ledger by the Officer Commanding, the Officer second in command, and the Adjutant; and the Officer Commanding shall transmit to the Secretary at War, with the Annual Savings Bank Accounts, a certificate in the prescribed form that this comparison has been made. Should a troop or company be absent from Head Quarters, the comparison of the ledger of that troop or company with the regimental ledger may be deferred until it return to Head Quarters; but such delay shall be reported upon the annual certificate, and a certificate duly signed, that the comparison has been made, shall be transmitted to the Secretary at War upon the return of the said troop or company to Head Quarters.

(Annual Accounts.)

52. The annual Savings Bank accounts (certified by the Commanding Officer, the Officer second in command and the Adjutant, to have been compared with the several troop or company ledgers), shall be transmitted to the War Office at the end of each year, as soon as the balance of each depositor shall have been carried forward into the Regimental or Depôt Battalion ledger of the succeeding year, but within the time prescribed for the transmission of the Quarterly Pay List to the 31st of March.

(Clerk.)

53. A Non-commissioned Officer shall be selected by the Officer Commanding to act as Clerk to the Savings Bank Committee, and such Clerk shall make all the entries in

the Regimental or Depot Battalion Savings Bank ledger, and shall receive an allowance according to the following scale:—

Per Month.		Per Month.	
£ s. d.		£ s. d.	
If the number of accounts open are under 50	... 0 2 6	If 250 and under 300	... 0 12 6

		If 550 and under 600	... 1 7 6

54. In selecting a Non-commissioned Officer to make the proper entries in the Savings Bank ledger, care shall be taken that the individual selected shall perform this duty in addition to his other regimental duties, so as to prevent any augmentation of the regimental staff, and the charge in the Pay List, on account of the monthly allowance to the Non-commissioned Officer or soldier acting in this capacity shall be vouched by a certificate, signed by the Commanding Officer, of the number of accounts open in the Savings Bank ledger.

(Responsibility of Officers.)

55. The captain of each troop or company will be responsible that the deposits he receives and the withdrawals he pays, be duly entered in each man's account in the ledger of his troop or company, and that statements of his receipts and payments on the Form No. 2 be sent immediately after the monthly settlement to the Orderly Room; also that the amount of deposits and withdrawals be duly debited against him, and credited to him by the Paymaster in the abstract of the monthly Pay List.

56. The Officer in command, the Officer second in command and the Adjutant will be responsible for the correctness of the Savings Bank ledger, which shall be prepared in the Orderly Room by the Savings Bank Clerk, under their direction, from the statements No. 2, transmitted by the Captains. They shall transmit monthly to the Paymaster, in the Form No. 3, the account of the deposits received and the withdrawals paid by each Captain.

57. The responsibility of the Paymaster with respect to the Savings Bank will be limited to the following points:—He shall debit and credit the respective Captains, in the abstracts of their Monthly Pay Lists, with such sums as are shown by the accounts, Form No. 3, transmitted to him from the Orderly Room, to have been deposited and withdrawn. He shall insert in his Quarterly Pay List, under the proper head, in the General State, the total amount of the deposits and the total amount of the withdrawals in each of the three months, as shown by the above-mentioned monthly account, Form No. 3, which shall invariably be annexed to the Pay List, and he shall add the three sums together, and debit and credit the totals thereof respectively; but in the March Pay List he shall only credit the amount of deposits for the months of January and February, and such deposits as shall have been made in March, before or on the day of settlement for February; and in the June Pay List, the amount of deposits made in March, subsequently to the day of settlement for February, with those for the months from April to June, both inclusive. It will consequently be necessary, in order that the vouchers for each of those Pay Lists may be separate and complete, that the Paymaster be furnished by the Orderly Room with two copies of the Form No. 3 for the month of March, one to be transmitted with the March Pay List as a voucher for the March withdrawals, and for such deposits in that month as shall have been made on or prior to the day of settlement for February, the other for such deposits in the same month as shall have been made subsequently to the day of settlement for February, to be transmitted with the June Pay List. The Paymaster shall give special credit for the deposits forfeited by deserters. He shall take care that the balances of deposits reported to be due to deceased men are duly carried to their non-effective accounts, and he is to annex to the non-effective accounts of all deserters and deceased men the prescribed certificate, stating whether they had any moneys in the Savings Bank.

(Deposits and Withdrawals in March.)—(Form No. 2.)

58. Two Copies of the Form No. 2 shall be prepared for the month of March; one for the withdrawals, to be transmitted with the accounts for the year ending the 31st of that month, the other for the deposits, to be transmitted with the next year's accounts, unless in those cases in which the day of monthly settlement for February shall be in March, when the deposits made on such day of monthly settlement shall be included in the Form No. 2 for March, to be sent with the accounts for the year ending

CIRCULAR, No. 711—*continued.*

on the 31st of that month, and not in the Form No. 2 for the month of March, to be sent with the accounts of the succeeding year, which shall contain those deposits only that were made in March after the day of monthly settlement for February.

(Men attached.)

59. When from peculiar circumstances, such as distance of station or otherwise, the deposits of a soldier, temporarily attached to a troop or company to which he does not belong, are received or paid by the Captain of such troop or company, the number of the troop or company to which he actually belongs, and in the Savings Bank ledger of which his account shall still continue to be kept, shall be stated opposite to his name in the Form No. 2, and the number of the troop or company to which he is attached on the face of his ledger account.

(Gratuities.)

60. A gratuity invested in the Savings Bank for the benefit of a soldier, there to remain at interest until his discharge, shall not be entered in the Savings Bank ledger or abstract of the troop or company to which he may belong, but shall be accounted for in a separate ledger and abstract to be set apart for these investments, in which the men's names shall be arranged without any reference to companies. In the event of a gratuity being surrendered or forfeited, it is to be withdrawn from the Savings Bank, and specially credited to the public in the general state of the Quarterly Pay List, with a reference to the date of the Commanding Officer's letter, reporting the surrender or forfeiture to the Secretary at War.

(Men discharged at Chatham.)

61. As it is expedient that the Savings Bank balances of all soldiers sent to Chatham to be discharged shall be paid to them, whether their regiments be at home or abroad, through the Paymaster of the Invalid Depôt, the utmost care is to be taken by the Captains of companies and Officers Commanding regiments that the transfer statements of all such men be sent to the Superintendent of the Invalid Depôt at Chatham, at the time they shall quit the regiment to which they belong or are attached, in order that their Savings Bank balances may be included in the Savings Bank account of the Invalid Depôt.

(Deserters.)

62. In all cases of desertion, the deposits standing at the credit of the deserter in the Savings Bank shall be withdrawn by the Captain of the troop or company to which he belongs, and shall be treated in every respect, as far as the Savings Bank accounts are concerned, in the same manner as any other withdrawals, and shall be placed in the hands of the Paymaster for the purpose of being inserted in the next Pay List rendered by him to the War Office, not as a credit in the man's non-effective account, as part of his effects, but as a specific and distinct credit to the public in the general state.

(Deceased Men.)

63. All sums in the Savings Bank, belonging to deceased soldiers, shall in like manner be withdrawn, but the amount is to be credited in their non-effective accounts as part of their effects, and the particular Pay List in which such credit shall be given is to be stated on the face of their ledger accounts, and a list of such balances, as also those of deserters, &c., shall be prepared on the prescribed form No. 11 (W. O. Form, 1062), which shall invariably be forwarded with the Annual Accounts.

(Form No. 2.)

64. The name of the Captain should be stated on the face of the Form No. 2, which shall be transmitted, *unfolded*, with the Savings Bank ledger to the War Office, arranged according to troops or companies and priority of date.

(Forms Nos. 2 and 3, etc.)

65. In those cases where neither deposits nor withdrawals shall have taken place within the month, a blank form, No. 2, for such month will not be required. Care shall be taken that on the sheets of the ledger, on the troop or company abstracts, on the general abstract, and also on the face of the Forms Nos. 2 and 3, the number or letter of each troop or company is distinctly stated, *but not both*.

Royal Artillery and Royal Engineers.

66. The Officer commanding each battery, troop or company shall transmit to the Paymaster, immediately after the monthly settlement, a statement of receipts and pay-

ments, on the form supplied for that purpose by the War Office, Savings Bank Form, No. 2 (W. O. Form 189). These statements shall accompany the monthly abstracts of such batteries, troops and companies. With regard to the Savings Bank balances on the accounts of men who have become non-effective by desertion or death, the instructions contained in Articles 62 and 63 are applicable to the Artillery and Engineers, as well as to the Cavalry and Infantry service.

67. In the case of deposits or withdrawals on March or April abstracts, it shall be shown on the monthly statements to which year such deposits or withdrawals shall have been charged or credited in the men's accounts.

68. The account of every soldier is to be closed on the 31st of March in each year, and the balances carried forward to the next year's account.

69. When such balances have been so carried forward, the Officer in charge of each battery, troop or company shall immediately cause the account for the past year to be prepared and forwarded to the Paymaster, with a certificate that the same has been carefully examined with the original and found correct, and that the account of every depositor has been calculated to 31st of March, and the balance due to each carried forward to the next year's account.

70. These accounts and certificates are to be forwarded to the War Office by the Paymaster, after he has compared the statement of deposits and withdrawals entered on the last page of the annual abstract with the amounts credited and debited by him in his quarterly Pay Lists on account thereof, together with his report as to the agreement thereof.

Regimental Charitable Funds.

71. The annual accounts of the Regimental Charitable Funds shall be prepared immediately after each 31st of March on the W. O. Form (No. 400 a), and separately forwarded to this office.

72. The preparation of the Charitable Fund Account shall form a part of the duty of the Savings Bank clerk, and such account shall, in the computation of his monthly allowance, be reckoned as forming an additional account, although not included in the General Abstract as part of the Savings Bank account.

73. Charges on account of donations from the Regimental Charitable Funds to meritorious discharged soldiers, and to the wives, widows and children of soldiers, or on account of payments of a charitable nature, or for purposes of amusement or recreation of the men, will be admitted in the Paymaster's or Agent's accounts, if vouched by the authority of the Commanding Officer and proof of payment.

74. When however a regiment is on foreign service, and the Officer Commanding shall deem it expedient that a portion of the Charitable Fund shall be disbursed at the depôt, a specific arrangement, which shall be notified to the Secretary at War, shall be made with the Officer Commanding the depôt as to the nature and extent of such disbursements; and the necessary charges for the same will be admitted in the accounts of the depôt, if vouched by the authority of the Officer Commanding the depôt, with proof of payment and reference to the letter in which the arrangement under which such disbursements are made was communicated to the War Office. The Officer Commanding the depôt shall take care immediately to report to the Officer Commanding the service companies all disbursements authorized by him, in order that the same may be included in the annual accounts of the funds.

75. The order of the Commanding Officer shall be sufficient authority to the Paymaster for any charge on account of these funds, and such order, together with proof of payment, shall be annexed as a voucher to the charge in the Pay List.

76. Commanding Officers of regiments in India will continue to transmit the Charitable Funds Accounts to the War Office, the necessary credits and charges being included in the returns of Miscellaneous Remittances (W. O. Form, 327 a).

77. These regulations shall come into operation on the 31st day of August, 1861, and shall after that day, subject to any further regulations that may hereafter be made under the Act 22 & 23 Vict. c. 20, be the only regulations in force as to Military Savings Banks (excepting only such special instructions as have been given in particular cases); and these regulations shall apply as well to deposits theretofore made in Military Savings Banks established under 5 & 6 Vict. c. 71, and to Regimental Charitable Funds theretofore paid into the Bank of England under 12 & 13 Vict. c. 71.

By Command.

An Act to amend and consolidate the Laws relating to Military Savings Banks.

[13th August, 1859.]

WHEREAS an Act was passed in the Session holden in the fifth and sixth years of Her Majesty, "to establish Military Savings Banks,"* and an Act was passed in the Session holden in the eighth and ninth years of Her Majesty, to amend the first-mentioned Act,† and an Act was passed in the Session holden in the twelfth and thirteenth years of Her Majesty, "to dissolve Regimental Benefit Societies, and to provide for the Application of the Funds of such Societies and of Regimental Charitable Funds;"‡ And whereas it is expedient to amend and consolidate the said Acts, and to confirm or render valid all acts that may have been done under the authority of the Secretary at War, or Her Majesty's Principal Secretary of State for the War Department, in relation to the Military or Regimental Savings Banks already established, and the deposits therein, and the payments of principal and interest in respect of such deposits: Be it therefore enacted by the Queen's most excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

Recited Acts repealed.—Acts done confirmed.

I. The said acts shall be repealed, save as herein otherwise provided: Provided always, that such repeal shall not affect any deposit made or other act done under the authority of the said acts or any of them before such repeal takes effect, and all acts done under the authority of any rules made in manner provided by section three of the firstly hereinbefore-mentioned Act, or under the authority of the Secretary at War, before such repeal takes effect, in relation to the deposits made in Military or Regimental Savings Banks theretofore established, and all payments of principal and interest made in respect of such deposits, shall be and be deemed to have been legal and valid.

Military Savings Banks may be established.

II. It shall be lawful for Her Majesty, in manner hereinafter mentioned, to establish or continue Military or Regimental Savings Banks, for the purpose of receiving sums of money from such of the Non-commissioned Officers and Soldiers employed in Her Majesty's Service, either in the United Kingdom or upon foreign stations (India alone excepted) as may be desirous of depositing the same, and for receiving deposits of any moneys or funds whatsoever raised or paid for objects or purposes connected with Non-commissioned Officers and Soldiers which Her Majesty may from time to time think fit to authorize to be deposited in the said Savings Banks.

Regulations for Savings Banks, how to be made.

III. Regulations for the Savings Banks so to be established or continued shall from time to time be made by the Secretary at War, with the concurrence of the General Commanding in Chief and of the Commissioners of Her Majesty's Treasury; and such Regulations, when sanctioned by Her Majesty, shall be signed by the Secretary at War and laid before both Houses of Parliament; and a copy of such Regulations shall be deposited in the Orderly Room of every Regiment to which they apply; and such Regulations shall be binding upon all Officers concerned, and upon the several depositors in the said Savings Banks and upon their representatives.

What to be provided for by the Regulations.

IV. Such regulations shall or may (as the case may require) make provision in relation to the following matters; (that is to say.)

Shall regulate and determine the rate of interest to be paid to depositors, not exceeding the yearly rate of three pounds fifteen shillings for every one hundred pounds, and what (if any) fractional parts of a pound or sums less than a pound shall bear interest, and what length of time deposits must remain in order to bear interest, and at what times interest shall be added to principal so as to become principal, in like manner as if the same had been paid to the depositor and been again deposited, and what deposits may be received upon which interest shall not be payable;

May determine in what cases or under what circumstances deposits and the interest (if any) thereon shall be forfeited to the public;

May make provision for and concerning the retention or deposit in the Military or Regimental Savings Banks of the effects of deceased Non-commissioned Officers or

soldiers, or the money arising therefrom, at interest or without interest, and for the payment or application thereof and of the interest thereon to or for the benefit of the orphans of such Non-commissioned Officers or soldiers, or other persons entitled to the same;

May make provision for and concerning the deposit of funds created for charitable regimental purposes by subscriptions of Officers, unexpended balances of canteen funds, or otherwise, and of any funds or moneys created, raised or paid in any manner whatsoever for objects or purposes connected with Non-commissioned Officers or soldiers, and concerning the manner in which such funds or moneys, and the interest thereon, shall be paid, applied or distributed;

May make it obligatory on Commanding Officers of Regiments and others to deposit such funds or moneys in the said Savings Banks, and to account to the Secretary at War or otherwise for the same, and the due application thereof;

May make provision for the withdrawal from the said Savings Banks for the purpose of transfer to India of any money whatsoever deposited in the said Savings Banks, and the accumulations of interest thereon, upon the occasion of regiments proceeding to India;

And shall provide for the keeping of proper accounts, and generally for all such matters in relation to the said Savings Banks and deposits therein as may be thought proper;

And such regulations shall be made as well with reference to deposits already made in the Savings Banks established under the firstly hereinbefore-mentioned Act and charitable regimental funds already paid into the Bank of England under the thirdly hereinbefore-mentioned Act as to deposits to be made under this Act:

Provided always, that deposits by any individual depositor in any one year (ending on such day as may be in the regulations mentioned), exceeding thirty pounds in the whole (exclusive of interest added), shall not bear interest until after the end of such year, except only in the case of deposits of gratuities awarded for good conduct or otherwise, and that while the sums standing in the name of any individual depositor (inclusive of interest, if any) amount to or exceed two hundred pounds no interest shall accrue on any sum in excess of that amount standing in his name; but this provision shall not apply to or in the case of money retained or deposited in a Military or Regimental Savings Bank after the death of a Non-commissioned Officer or soldier, for the benefit of his orphans or other persons entitled to his effects, or to or in the case of funds or moneys created, raised or paid for charitable regimental purposes, or for such objects or purposes as hereinbefore mentioned.

Receipts of Infants and Married Women.

V. The receipt of any Infant for any money deposited in any such Savings Bank, or for any interest thereon, shall be a sufficient discharge, notwithstanding his incapacity or disability in law to act for himself; and any payment in respect of any deposit or interest thereon which may be made to any Married Woman, under any regulations made under this Act, shall be deemed a valid payment, and her receipt shall be a sufficient discharge.

Deposits to be applied to Public Expenditure, and payments made out of Grants for ordinary services.

VI. The moneys deposited in Military or Regimental Savings Banks shall be applied under the said regulations, by the officers or persons authorized to receive the same, to the payment of such ordinary army services as it may be their duty to defray, and all sums from time to time payable to depositors or otherwise under the said regulations for principal and interest in respect of moneys so deposited under the said Acts, or any of them, or this Act, or paid into the Bank of England under the thirdly hereinbefore-mentioned Acts, shall be paid out of the grants by Parliament for ordinary army services.

Secretary at War to direct certain Moneys to be paid to the account of the Commissioners for the Reduction of the National Debt, and carried to the account of the Military Savings Banks.

VII. It shall be lawful for the Secretary at War from time to time to authorize, by his warrant, payment out of the moneys granted for army services, and placed to the account of the Paymaster General at the Bank of England, of the amount of the money received and applied for the public service under this Act, together with the interest allowed thereon, to the separate account raised under the secondly hereinbefore-mentioned Act, in the names of the Commissioners for the Reduction of the National Debt.

in the books of the Governor and Company of the Bank of England, and denominated "The Fund for the Military Savings Banks," and to authorize in like manner payment as aforesaid to such last-mentioned account of the amount of the money so received and applied under the Acts hereby repealed or any of them, with interest, as aforesaid, so far as such payment may not have been already authorized under such Acts or any of them; and in ascertaining the amount of which payment is to be so authorized deduction or allowance shall be made in respect of payments previously made to depositors or otherwise in respect of deposits; and the cashier of the Bank of England is hereby required to pay or transfer the amount mentioned in every such warrant from the account of the Paymaster General to such separate account accordingly: Provided always, that previous to any payment or transfer being made as aforesaid to such separate account, the person applying for that purpose shall in all cases produce to the officer of the last-mentioned Commissioners, at their office in London, a warrant from the Secretary at War, stating that the money mentioned therein is part of the funds of the Military Savings Banks.

Investment of such Moneys.

VIII. The Commissioners for the Reduction of the National Debt shall cause all the moneys placed to their account, in pursuance of this Act, or which may have been placed to their account under the Acts hereby repealed or any of them, and may not have been invested before the repeal of such Acts takes effect, to be invested from time to time, under such regulations as such Commissioners may direct, in the purchase of any bank annuities in their names, and to be carried to the account raised in their names under the secondly hereinbefore-mentioned Act; and the interest or dividends to arise from time to time and become due on any bank annuities purchased under this Act or the Acts hereby repealed, or any of them, shall in like manner be invested in the purchase of bank annuities; and such interest or dividends shall not be subject or liable to any taxes, charges or impositions whatever.

Secretary at War may direct Moneys invested in Annuities to be transferred to account of Paymaster General.

IX. It shall and may be lawful for the Secretary at War, by his warrant, to require that, within fourteen days from the day on which the same is lodged at the Office of the Commissioners for the Reduction of the National Debt, the whole or any part of the bank annuities standing in the books of the Bank of England in the names of such Commissioners and to the account aforesaid shall be sold, and the produce thereof paid to the account of the Paymaster General at the Bank of England.

Commissioners for Reduction of National Debt empowered to sell.

X. It shall and may be lawful for such Commissioners, on the requisition aforesaid of the Secretary at War, to sell from time to time any part of the said bank annuities which may be standing in their names in the books of the Bank of England in pursuance of the Acts hereby repealed or any of them, or this Act, and the certificate of the Cashier of the Bank of England of the money having been placed to the account of the Paymaster General shall be a full and sufficient discharge to such Commissioners.

Provisions as to Money arising from a dissolved Benefit Society.

XI. And whereas by the said Act of the twelfth and thirteenth years of Her Majesty, provision was made for an equitable distribution of the funds of certain Regimental Benefit Societies thereby determined, and for placing the sum to which each existing subscriber might be declared entitled in the Savings Bank, established under the firstly hereinbefore-mentioned Act in the regiment to which he belonged, to accumulate for him until his discharge; and it was by the Act now in recital enacted, that upon its being proved to the satisfaction of the Secretary at War, upon the recommendation of the Commanding Officer of the regiment, that it would be of advantage to a Soldier to withdraw his portion of the said fund, including any accumulations thereon, from the Regimental Savings Bank before his discharge, it should be lawful for the Secretary at War to sanction such withdrawal, and such portion might be withdrawn accordingly:

The repeal of the said Act of the twelfth and thirteenth years of Her Majesty shall not affect the said provisions concerning the sums so placed as aforesaid in any Savings Bank.

Officers of Savings Banks not personally liable, except for their own Acts.

XII. No person having any control in the management of any Savings Bank established or continued under this Act shall be personally liable, except for his own acts,

CIRCULAR, No. 711—continued.

nor shall any such person be personally liable for anything done by him in virtue of his office in the execution of this Act, except in cases where he is guilty of wilful neglect or default.

Accounts to be laid before Parliament.

XIII. An account of the amount of all sums deposited under the Acts hereby repealed, or any of them, or this Act, within the year ended on the thirty-first day of March preceding, and of the amount of all sums withdrawn during the same period, and of the interest allowed upon such deposits, and also of the number of accounts open on the said thirty-first day of March, with such other particulars as her Majesty may be pleased from time to time to order, shall be annually prepared by the Secretary at War, and rendered to the Commissioners of her Majesty's Treasury, and shall be laid before both Houses of Parliament before the 1st day of April in every year, if Parliament be then sitting, or if Parliament be not sitting, then within fourteen days after the next meeting of Parliament; and the gross amount of all moneys received and paid by the Commissioners for the Reduction of the National Debt, under the authority of the said Acts hereby repealed, or any of them, or this Act, prepared up to the fifth day of January in every year, shall also be annually laid before both Houses of Parliament on or before the said first day of April, or within such period as aforesaid.

Military Savings Banks not to be within the Provisions of 9 Geo. 4, c. 92, or other Acts.

XIV. The Savings Banks established under the firstly hereinbefore recited Act, and to be established or continued under this Act, shall not, nor shall any moneys which have been placed to the account or have come to the hands of the Commissioners for the Reduction of the National Debt, under the Acts hereby repealed or any of them, or which may be placed to the account or come to the hands of such Commissioners under this Act, be taken to be within the provisions of an Act passed in the ninth year of the reign of King George the Fourth, intituled "An Act to consolidate and amend the Laws relating to Savings Banks," or of any other Act heretofore passed relating to Savings Banks.

As to the word "India."

XV. In the construction of this Act "India" shall have the same meaning as under section one of the Act of the session holden in the twenty-first and twenty-second years of her Majesty, chapter one hundred and six.

Commencement of Act.

XVI. This Act shall, as regards the making of regulations for Savings Banks thereunder, take effect immediately after the passing hereof, and in all other respects shall take effect from the time at which the regulations first made shall be therein appointed to come into operation.

HOME AND FOREIGN.

War Office, 26th September, 1861.

SIR,

WITH reference to War Office Circular 683, of the 20th May last, I am directed to acquaint you that, with a view to provide for cases of sickness urgently requiring the administration, at short intervals, of more concentrated nourishment than is attainable by the scale of daily diets laid down at page 60 of the Medical Regulations of the 7th October, 1859, the Secretary of State for War has been pleased, on the recommendation of the Director General of the Army Medical Department, to approve of the addition of the Articles named in the margin* to the list of extras embodied in the Circular in question, and to sanction their issue in emergent cases of disease, when deemed advisable and necessary by Medical Officers.

It is to be understood, however, that these additional articles are only to be drawn as wanted, Medical Officers will, therefore, when the necessity arises, send special requisitions to the Purveyor, and enter, immediately thereafter, the supplies so demanded against the Patients' names on the Diet Sheets (War Office, Form 1,145).

I am at the same time to state for the guidance of Purveyors that when beef tea is prescribed it is to be prepared from fresh meat, whenever practicable, and that the essence of beef or preserved "meat juice" of the Reserve Store is only to be used when fresh meat cannot at the time be procured.

I am, Sir, your obedient servant,

4. Every Non-commissioned Officer and Private of this Corps is to be allowed the daily ration of a soldier in hospital on full diet, free of any stoppage, whenever it is practicable to furnish such diet; but in the event of his becoming a patient in hospital he is to be supplied with the class of diet applicable to his case, and for such diet he is not to be liable to any stoppage from his pay. He will not be entitled under any circumstances to the allowance of 1d. a day for beer money.

5. Whenever it is not practicable to furnish him with a full hospital diet, he is to be supplied from the public stores with a ration as nearly as possible equivalent thereto, free of any stoppage; and when he cannot draw rations from the public stores, whether on board ship or on shore, he is to receive a money allowance of 8d. a day in lieu of a free ration. When he is in confinement for any offence, the whole of his pay is to be forfeited, and he is to be provided with the usual prison diet. When under other punishment he will receive the usual hospital ration, or an equivalent thereto, but will be subject to the stoppage from his pay of 8d. a day when the punishment involves the non-performance of his hospital duties.

6. When he is on the march, under route, in the pursuance of the public duty, the same allowances for marching money and hot meals are to be charged for him as for a soldier on the march; and in such case he is not to be entitled to rations, but is to receive, in addition to such marching allowances, the money allowance of 8d. mentioned in Article 5.

7. While on furlough he is to be subject to the same rules as soldiers, but the pay to be advanced to him, while so situated, is to be 6d. a day less than the full rate of pay of his rank, and the residue is to be accounted for to him on his return to duty.

8. While on furlough he will not be entitled to the money allowance of 8d. a day in lieu of rations, but will be settled with for his pay only.

9. Serjeants having passed the required examination, and who may be employed in dispensing medicines, shall while so employed receive an allowance of 1s. a day. A Private appointed Lance Serjeant to enable him to perform temporarily certain duties, shall receive whilst so employed 6d. a day in addition to his pay. A Private, whilst employed in a responsible capacity or placed for meritorious service in a first class, shall receive an allowance of 3d. a day in addition to his ordinary pay. The number of Privates to receive these rates of allowance shall be fixed from time to time. A Private appointed as barber, assistant cook, baker, washerman, &c., shall receive while so acting 2d. a day in addition to his pay.

10. All Non-commissioned Officers and Privates of this Corps are to be liable to be employed in any way that may be required in the performance of any duties in the Medical and Purveyor's Departments; and when on duty with an army in the field, they will be liable to be attached to the Field Ambulances, and to attend on the wounded, carrying them off the field, and performing any such like duties.

11. The Non-commissioned Officers are to take rank with those of the other Corps of our Army, and are to wear the ordinary distinctions of Non-commissioned Officers on their uniforms.

12. The ranks of the Army Hospital Corps are to be filled as a general rule, by soldiers volunteering from the ranks of other Corps of our Army, and having such length of service as shall from time to time be fixed by our Commander in Chief.

13. Whenever it may be desirable to admit into this Corps candidates who are not soldiers, application is to be made to our Secretary of State for War for special authority to enlist such candidates.

14. All Non-commissioned Officers and Privates of this Corps are to be liable to be discharged from the Service at any time that our Commander in Chief shall think fit, without any claim to compensation beyond the scale of pensions hereinafter laid down, and they may be re-transferred, at the order of our Commander in Chief, for misconduct, unfitness, or any other cause which our Commander in Chief may deem sufficient, to the Corps of the Army from which they may have been transferred to this Corps.

15. When their services shall be dispensed with, they shall be entitled to pensions on the following scale after a total service in this Corps, or in the Line, exceeding twenty-one years.

HOME AND FOREIGN.

War Office, 26th September, 1859.

SIR,

WITH reference to War Office Circular 688, of the 20th May last, I am directed to acquaint you that, with a view to provide for cases of sickness urgently requiring the administration, at short intervals, of more concentrated nourishment than is attainable by the scale of daily diets laid down at page 60 of the Medical Regulations of the 7th October, 1859, the Secretary of State for War has been pleased, on the recommendation of the Director General of the Army Medical Department, to sanction the addition of the Articles named in the margin* to the list of extras embodied in the Circular in question, and to sanction their issue in emergent cases of disease, when deemed advisable and necessary by Medical Officers.

It is to be understood, however, that these additional articles are only to be issued as wanted, Medical Officers will, therefore, when the necessity arises, send requisitions to the Purveyor, and enter, immediately thereafter, the supplies demanded against the Patients' names on the Diet Sheets (War Office, Form 1, 1859).

I am at the same time to state for the guidance of Purveyors that when beef is prescribed it is to be prepared from fresh meat, whenever practicable, and that the essence of beef or preserved "meat juice" of the Reserve Store is only to be used when fresh meat cannot at the time be procured.

I am, Sir, your obedient servant,

B. HAWES.

To Officers Commanding, Military
Medical Officers and Purveyors.

They are not to be employed on any regimental or barrack duties, but exclusively in the Rifle Instruction of the troops.

For discipline, however, they are to be under the same supervision as other soldiers of the regiment or battalion.

Certificate of Qualification to accompany Pay List.

12. When a non-commissioned Officer is promoted Serjeant Instructor of Musketry in a regiment or battalion of infantry or colonial corps, a verified copy of his certificate of qualification is to accompany the pay list in which his name first appears as such, as a voucher in support of his eligibility for the appointment.

18. The Inspector General of Musketry, being held responsible for the efficiency of the troops in the use of their rifles, will bring under the notice of the Commander-in-Chief everything he may observe acting prejudicially to that efficiency, and any laxity he may discover on the part of those responsible for, and entrusted with, the important duty of training the troops to the use of their arms.

656. CIRCULAR, No. 723. HOME AND FOREIGN. War Office, 1st Nov. 1861.

THE attention of the Secretary of State for War having been drawn to several instances in which the periodical demands for Stationery, &c., have largely exceeded the apparent requirements of the Public Service, more especially in regard to the supply of durable articles, such as rulers, inkstands, &c., Secretary Sir George C. Lewis has, with the concurrence of the General Commanding in Chief, directed that a new form* should be prepared, and that all future demands may be made out on the form in question.

In circulating this form for the general guidance of such portions of the service as receive supplies in kind, particular attention must be directed to the printed memoranda appended, in order that the requisitions may be framed with strict economy, and limited to the actual and necessary requirements of the Public Service.

B. HAWES.

* [May be had, on application, at the War Office.]

MEMORANDA.

1. No articles but those enumerated are to be inserted in this demand, which is to be transmitted to the Under Secretary of State for War, War Office, Pall Mall, S. W., so as to arrive from Foreign Stations on or before the 1st June, and from Home Stations on or before the 1st September in each year.

2. It is to be distinctly understood, that the Stationery herein demanded is for service of the year succeeding that in which the demand is made, and it is therefore not due at the Station until the first day of the following January.

3. The articles enumerated at Page 2 of the Form, together with others of a durable nature, must be left by an Officer quitting a Station in the charge of his successor. The cause of any deviation from the Regulations must be shown on the demand.

4. The quantity of every article remaining on hand at the date of making the demand must be shown, whether a supply is required or not.

5. Regulation Books, Printed Forms, Store Ledgers, and Store Ledger Paper should be demanded on the Form of Requisition provided for that purpose.

Engineer demands for Mathematical Instruments, Colours, and other Drawing-room articles, are also to be made separately, and sent to the Inspector General of Fortifications.

6. The Secretary of State for War requests that the strictest economy may be exercised in the use of all articles of Stationery supplied, and that Letters on the Public Service, when they occupy one page only, may be written on half sheets of paper. When demands are unusually large, cause should be assigned, otherwise the supply will be reduced.

A new pattern Booting, of less depth, but with a tongue coming up beyond the knee, has recently been approved, and those of the old pattern can easily be altered to this in the manner shown by a pattern which will shortly be sent to each Regiment, together with a pattern of the new Wellington Boots.

Commanding Officers of Cavalry Regiments are requested to inform the Adjutant General whether they will undertake to have the extra pair of Boots, alluded to in the Circular above quoted, made up in their regimental workshops, at the contract price of 13s. 10d.—The Boots must be, as regards make and quality, of the new regulation, Wellington pattern. GENERAL ORDER. No. 795.

Instruction of Musketry. 6—(1861).

Horse Guards, 25 Sept. 1861.

His Royal Highness the General Commanding in Chief having had before him the annual report of the instruction carried on at the School of Musketry at Hythe, and of the progress of musketry instruction throughout the army during the year 1860—61, desires that Officers commanding divisions and districts will call the attention of Officers commanding regiments in their respective commands, to the following points, viz. :—

1st. It appears to His Royal Highness that Commanding Officers are not as careful as they ought to be in the selection of men for training, and that, in many instances, serjeants and privates have been sent to Hythe two and three times over. The consequence is that the energies of the Staff of the Establishment are wasted, and the object of the School as a normal training institution defeated.

Too many Officers trained for the appointment of Instructors are Ensigns, who, although they may qualify for the position, fail to discharge the duties thereof satisfactorily, from want of a knowledge of the service, and weight as regards years and rank.

To ensure the Schools of Musketry being in future used with the greatest advantage to the service, Officers of the superior ranks will, whenever it may be practicable, be allowed to go to those establishments, and all Adjutants and Serjeant Majors of regiments and dépôt battalions should be regularly trained there, either before or after appointment; and all serjeants, corporals and privates sent for instruction should be specially selected for their *conduct, intelligence and educational acquirements*, in order that they may be of use on their return to their respective corps.

2nd. Notwithstanding the previous injunctions on the subject, the number of non-exercised men in many regiments continues very large, proving that every opportunity is not embraced to bring all the men under instruction. It only takes twelve days for a soldier to execute his annual course of rifle training; hence no excuse can be made as regards time.

3rd. The practice still prevails of Medical Officers exempting men from rifle training who in other respects appear to be doing duty in the ranks. This proceeding is prejudicial alike to efficiency and to discipline, and is one which, if not stopped, will open the door to great abuses.

4th. The inferior shooting of many regiments points to the want of greater care in the execution of the preliminary drills, and of the more frequent exercise of the men in the "position" and "aiming drills,"—also to the necessity of greater attention being paid to the further instruction of third class shots during the winter months, which alone will ensure a higher position in the "table of merit."

5th. Particular attention should always be paid to the different firings at battalion, brigade and divisional field days, as if executed in a hurried and careless manner, the good derived from a steady course of rifle training is in a great measure counteracted.

By Order of H. R. H. THE GENERAL COMMANDING IN CHIEF.

ARRANGEMENTS having been made to provide a regular supply of diagrams and magic lantern slides, to illustrate the lectures which may be given during the ensuing winter to the Troops at the several Stations in the United Kingdom named in

the annexed list marked A, the General Commanding in Chief desires attention to the following rules, which have been drawn up for regulating this service,—and looks for the co-operation of Commanding Officers towards carrying out the same, and ensuring the circulation of the slides and diagrams with that regularity upon which the success of the measure will mainly depend.

General Officers Commanding at the several Foreign Stations specified in the list B will be pleased to give effect to these regulations within their respective commands, as far as local circumstances will permit, reporting from time to time their arrangements to this Department for the General Commanding in Chief's information, and with a view to the same being communicated to the Council of Military Education.

1. The boxes and diagrams are now at the Stations specified in the annexed list A, and should be placed in charge of the senior Schoolmaster at the Station, or some other Schoolmaster detailed to that duty by the Officer Commanding.

2. No box nor set of diagrams is to be kept at any Station longer than three weeks, at the end of which it is to be forwarded to the Station next in order on the list A.

This pass-key is to be given over to the Schoolmaster having charge of the magic lantern, and he will on removal to another Station deliver it over with the magic lantern, boxes and diagrams he may have in his possession to such Schoolmaster as may be detailed under the orders of the General, or other Officers in command, for that duty.

The Queen has been pleased to direct that the following Regulations respecting Foreign Orders and Medals shall be substituted for those now in force :

Regulations respecting Foreign Orders.

1. No Subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign Manual.

2. Such permission shall not be granted to any Subject of Her Majesty, unless the Foreign Order shall have been conferred in consequence of active and distinguished Service before the Enemy, either at Sea or in the Field; or unless he shall have been actually and entirely employed, beyond Her Majesty's Dominions, in the Service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order, must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited at the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within two years after this date of such service.

5. After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from naval or military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department, previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Commander-in-Chief, if the application relates to an Officer in the Army, or to the Lords of the Admiralty, if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favour it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the Gazette, stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's licence and permission does not authorize the assumption of any style, appellation, rank, precedence or privilege appertaining to a Knight Bachelor of Her Majesty's Realms.

9. When a British Subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the Decoration of a higher Class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the Service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British Subjects by Her Majesty's predecessors, King George IV. and King William IV., on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favours bestowed on British Subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

Regulations respecting Foreign Medals.

1. Application for permission to accept and wear Medals which, not being the decoration of any Foreign Order, are conferred by a Foreign Sovereign on British Subjects in the Army or in the Navy for military or for naval services, should be addressed, as the case may be, to the Commander-in-Chief, the Master-General of the Ordnance, or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs for Her Majesty's sanction; upon obtaining which, they may grant such permission without any other formality.

2. Permission to wear a Foreign Medal cannot be granted to a British Subject, unless such Medal is bestowed for military or naval services performed by the command or with the sanction of Her Majesty. But no permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

Foreign Office, May 10, 1855.

MEMORANDUM.

1,592.**ARTIFICIAL ARMS AND LEGS.**

THE Lords and others Commissioners of Chelsea Hospital having, at the suggestion and recommendation of the Secretary of State for War, made Arrangements for the supply of Artificial Arms (constructed upon an improved principle) and of Artificial Legs (in imitation of the natural leg, both as to form and motion) to those Commissioned Officers who have been wounded in the Service, whose means may not enable them to provide themselves with more expensive contrivances,—it is hereby notified, that such Officers who may be desirous of availing themselves of this benefit, and whose cases may come within the above regulation, should address their applications upon the subject to the Secretary of Chelsea Hospital. It is, however, to be clearly understood, that, as this is intended to be a boon to Officers of the above description, no pecuniary allowance in lieu can be granted to Officers who may prefer providing themselves with other substitutes for limbs.

MEMORANDUM.

FIELD OFFICERS *who have retired from the Service by the Sale of their Commissions, and wish their Names to be restored to and retained in the ARMY LIST in Italics, will be pleased, in their Applications for this Privilege to the General Commanding in Chief, to state the Dates of their last Commissions, Brevet as well as Regimental, and also that of their Retirements.*

HORSE GUARDS,
29th May, 1855.

ALL FIELD OFFICERS *whose names are allowed to be retained in the ARMY LIST, whether they may have sold out since or previously to the issuing of Her Majesty's Royal Warrant of the 6th October, 1854, shall send a Notification to Her Majesty's Secretary of State for War of their being alive on the 1st January and the 1st July of each year.*

If such Notification due on the 1st January be not received at the War Office by the 1st April, and that due on the 1st July by the 1st October, it will be concluded that the Officer is deceased, and his name will be removed from the ARMY LIST.
